

AUSOUG & OAUG eTraining

REGISTRATION FORM - 15 April 2008

You may need to download software to access this training.

AUSOUG & OAUG is offering FREE, easy-to-access, Web-based educational, training and networking opportunities for members — eTraining. Regardless of your location, we have training available via Web conference with live presenters.

Dial into a training session from the convenience of your desk and take advantage of free sessions that you would typically pay hundreds of dollars to experience. Sessions generally run for 1 hour including 15 minutes of Q & A (if applicable).

eTraining sessions are limited to AUSOUG & OAUG members and as space is limited, registration is required. To register please complete the details on this form and fax to 07 3856 0850.

Monday 15 April 2008

Dial in 1800 002 014 Participant code: 49191437 Duration: 1 hour

Session 1 9.00am (AEST) URL: <https://www.livemeeting.com/cc/meetingexpectations/join?id=5ND883&role=attend>
Meeting ID: 5ND883

TOPIC

GL Wand: New Features in version 3.5

Presented by Warren Brugger, Sales Director, APAC

Who Should Attend

Users of GL Wand

Course Outline

- Overview and demonstration of the new features available in the latest version of GL Wand, including:
 - o Optional support for simultaneous Multiple Set's of Books access with security.
 - o Support for wild card criteria on segment values e.g. 40%0
 - o Support to include certain segment values and exclude others e.g. include 1000-2000 but exclude 1020
 - o Ability to select your own columns and column order on drill down reports
 - o Daily balance type allowing the summarization of journals for a date or range of dates
 - o Enhanced support for dependent segments in the accounting flexfield
 - o Ability to sum balances for custom period ranges and criteria e.g. "Mar-07-Aug-07,Oct-07"
 - o Dynamic list of values that always bring back the latest list of segments etc. as they are defined in Oracle
 - o Optionally exclude disabled and secured segment values from the list of values
 - o Sum balances for multiple parents in a single Get Balance formula
 - o Enhanced options in Report Manager.
